Exchange agreement between the University of Beijing, Institute of Social Economy and Culture and the University of Hawaii, College of Education

This agreement between the two institutions is entered into with the aim of promoting scholarly exchange and bicultural understanding.

1. The purpose of scholarly exchanges will be to encourage cooperative research endeavors in areas that are of common interest to faculty at both institutions.

2. Both institutes agree to exchange faculty and graduate students periodically. To allow for flexibility in these arrangements, details concerning the selection of faculty and graduate students and the timing and duration of visits will be made at a time closer to the proposed exchange.

3. Both institutions agree to organize and host scholarly conferences, as far as possible, on an alternating basis. The theme, location, timing, scale, and funding of each conference will be discussed and negotiated at the time of the preceding conference.

4. Conference themes and exchanges will aim to promote research on topics of common interest to faculty at both institutions and seek to make progress on bicultural understanding.

5. Each institution will make provisions for the exchange of scholarly materials and publications.

6. Both parties will make earnest efforts to provide for the convenience and support of visiting scholars.

7. Any items not covered by this agreement can be raised at the request of either party with the aim of achieving a prompt and mutual understanding.

8. Upon signing, this agreement will be considered to be in effect.
