Bachelor of Science in Kinesiology & Rehabilitation Science: Health & PE Teacher Education

Assessment of Teacher Candidate Performance

What was taught
The following standards serve as student learning outcomes:

- Assessment
- Learning Differences
- Professional Learning & Ethical Practice
- Content Knowledge
- Application of Content

How learning was measured
Assessments A-D were used to determine if candidates were successful in demonstrating their competence and ability in the following areas:

Assessment A
Planning Instruction: Ability to plan instruction for P12 learners

Assessment B
Student Teaching Evaluation: Candidates demonstrate proficiency in clinical practice, planning & preparation, classroom environment, instruction, professional responsibility

Assessment C
Effect on P12 Learning: Ability to plan, teach, & assess a unit of instruction

Assessment D
Professional Dispositions: Candidates demonstrate dispositions including professionalism, communication, collaboration, reflection, diversity

Assessment Results

Planning Instruction
